

Employment Opportunity: **Technician**

JOB SUMMARY

Air Water Soil, LLC (AWS), has an opportunity for a Technician to be part of our team of engineers and scientists that provide environmental and industrial hygiene consulting services to a broad spectrum of clientele throughout Montana. Specific job tasks include:

- Collection and analysis of building materials to characterize the presence of asbestos, lead, mold, PCBs, and mercury.
- Collection and analysis of air, water, and soil samples to characterize the presence of petroleum, solvents, metals, and other contaminants.
- Calibration and use of various field monitoring instruments to collect air, water, and soil measurements.
- Remediation oversight and post-remediation confirmation sampling.
- Preparation of samples, including chain of custody documentation, for shipment to analytical laboratories.
- Preparation of detailed field notes, observations, sketches, and other technical documentation.
- Decontamination and maintenance of field equipment and tracking field supplies.
- Coordination and implementation of field activities while working alone, or on small teams, and with minimal supervision.

WORK ENVIRONMENT

This full-time Technician position is based in our Great Falls, Montana, office location, and will require travel and periodic overnight, out-of-town, stays to complete the tasks noted above. Team members are required to maintain a valid driver's license, along with the ability to pay for travel and miscellaneous business expenses (for example, fuel, meals, lodging, supplies, etc.). AWS will provide a vehicle and reimburses expenses. Full-time employees earn paid time off and enjoy paid holidays.

PREFERRED QUALIFICATIONS

Relevant Bachelor's degree in a physical science or a related field
OSHA 40-Hour HAZWOPER Training
USEPA / Montana DEQ Asbestos Inspector and Asbestos Contractor/Supervisor Accreditations
NIOSH 582 or equivalent
HUD LBP Risk Assessor
2+ years of job-related work experience in the consulting or remediation industry

APPLICATION

Interested applicants please submit a resume and cover letter to scott@airwatersoil.us.
