

Artist Job Description

Do you have artistic talent and great customer service skills? Do you enjoy creating art and helping others to create art? Do you wish there were some way you could work more art into your life with a flexible, friendly, and creative working environment? Brush Crazy might be the place for you!

With almost a decade in the paint'n'sip industry, Brush Crazy offers a wide variety of media and projects with plenty of training opportunities to expand artistic knowledge and skill. The fun and flexible environment enriches creativity and allows its staff to learn and grow.

Responsibilities

- Providing excellent customer service by assisting customers to realize their artistic vision with the wide variety of projects we offer.
- Supporting the team and company by learning and becoming proficient in our techniques and contributing to our ever-growing library of ideas and projects.
- Helping to maintain the creative and clean environment of the studio by ensuring the media is stocked and the facility is kept up to Brush Crazy standard.
- Capably using Photoshop/Illustrator to assist with custom projects.
- Participating in ongoing training opportunities on all media and programs used by Brush Crazy to promote our business and expand staff knowledge of how to best assist our customers.
- Treating all customer projects and requests with respect by handling them positively and with care.
- Promoting the business and recording the customer's amazing experience by taking photos during the progress of the project and once the project is complete, for use on Brush Crazy's social media.

Qualifications

- Applicants must have good customer service skills and be able to maintain a positive attitude despite customer stress and face-paced environment.
- Applicants must be capable of multi-tasking and handling multiple customers at once.
- Applicants must be proficient with the use of acrylics and be able to demonstrate that proficiency during the interview.
- Experience with ceramics and kiln operation is a plus. Training will be offered.
- Experience with specialty techniques such as pouring, mosaics, and clay are a plus. Training will be offered.
- Knowledge of Photoshop/Illustrator is a plus. Training will be offered.
- Applicants must be capable of learning/operating a Point of Sale system and have knowledge of basic Facebook navigation.

Salary Range: 10.00-14.00 an hour, based on experience and training.
