

Production Specialist

Production Specialists work in a dynamic, creative and fast-paced environment to create and assemble sign and graphic products for many different business applications. Creative work is performed within the FASTSIGNS Center sign production area that is fully equipped with top-of-the-line sign-making equipment.

Position requirements include cutting printed graphics using a variety of wall cutters, saws, and Exacto blades, as well as applying the product to substrates. The Production Specialist will be required to work in the field performing installations to vehicles, and building interiors and exteriors using a ladder or mechanical lift system. Careful attention to detail utilizing work orders that outline specifics for each custom order is paramount. Welding and use of laser equipment is a plus for this type of work.

Wages:

Salary is based on experience of this type of work. FASTSIGNS of Great Falls is offering Medical / Vision & Optional Dental benefits for this position. Must be able to obtain CDL Drivers License (unless already in possession of CDL) for this position to run outside installation vehicles for large job installs.

The ideal candidate will be self-motivated, with problem-solving skills who pays very close attention to accuracy and detail. Comprehensive training in all aspects of this position will be provided. If this describes you, we encourage you to apply!

At FASTSIGNS, every day is unique and presents exciting opportunities, including new ways to use your talent and grow your skills. We have a large network of independently owned locations - both locally and internationally - who offer competitive pay and ongoing training opportunities.

Are you ready to have more? More passion....more rewards...more than a job? Then learn more by exploring the positions offered by FASTSIGNS centers.
